Significant trends in reaction among Telephone Union Workers over the nation gives The Herald occasion to appeal, in behalf of the public, to the members of the Local Union, to return to their jobs.

Telephone workers in Maryland have withdrawn from the National Federation of Telephone Workers and have settled with the Chesapeake & Potomac Bell Telephone System. There are a number of factors in the current strike, right here in Texas, that make it reasonable to appeal for a return to the job, regardless of whether the company has made or will make any concessions to Union demands.

At Lockhart the Union workers walked out but in the main, as we understand, have returned. At Bastrop the Telephone Union Workers declined to walk out. At another exchange in East Texas, we understand the workers have returned. Some have even quit the union.

What those workers have done, can be done here. There will be no reprisals from the company or from the Union. True, there has been and perhaps may now be the practice of the company, to decline wage increases to those who return before settlement, but it would hardly be fair, and this newspaper does not believe that Southwestern Bell Telephone Company or any other company would thus treat any number of their employees; that if a settlement is made, either by a tender from the company, or by concessions from the Union, all would receive equal benefits.

We assume no authority to speak either for the Union or for the Telephone Company. That must be understood. We do, however, feel competent to speak for the people, for those who have nothing to gain but stand to lose by a strike. We take no issue whatever in the question of whether Union demands are too high, nor do we wish to criticize the company for not having anticipated, under present conditions, whatever need there may exist for wage increases, if any.

What appeals to this old newspaper is the principle of individuality, the needs, the opinions of the community, without relation to the ugly principle of jurisdictional strikes. We have been free from industrial strife, not so much because we are isolated, but because it is our way of life here in Cameron. We do not want to be made a part of the patch work of a so called pattern of industry as it relates to our telephones. Demands in New Jersey are not demands in Texas, and we think that has been fairly established.

Finally we must all recognize that this sort of thing cannot prevail nor will it long be tolerated by the people. It is a case, as so often it is, of the mass of the American people—the people in Cameron—being made to suffer, to be deprived of their needs, because an industrial dispute ties up a necessity like the telephone. What is worse is that the local Union members, do not in reality indorse this strike. They made no demands. They are caught up in the system and are (turn to page eight)

REHEARING IS ASKED IN THE NEWTON CASE

A re-hearing will be asked of the Court of Criminal Appeals at Austin in the case of Dr. W. R. Newton, it was disclosed here Friday by Emory B. Camp, member of the defense counsel.

Mr. Camp said the motion would be filed at once to ask the court to re-consider its decision of Wednesday in which the court upheld the verdict of the trial court at Tulia in which Dr. Newton was given a two year sentence for assault to murder the late Dr. Roy P. Hunt of Littlefield.

A period of 15 days is allowed in which a motion for re-hearing may be filed. The court then will set a date for the re-hearing and counsel will appear. After the re-hearing the court takes the case again for consideration and will agree or disagree with their original decision.

In the meantime Dr. Newton will remain at his practice at the Clinic and Hospital.

NEW NIGHT CLUB IS UNDER CONSTRUCTION

A new night club, located on Highway 77 opposite the municipal airport, is well under construction.

Lee Marek who has been engaged in a similar business, owning and operating the Blue Room at Hearne, has recently purchased a tract of land near the port. He purchased the acreage and home of Max Schwingler and on the site is constructing the new night club.

The new club will soon be open. It is one of the largest here and is being built on strictly modern lines. The property is well situated.

Acreage property such as this is coming rapidly into demand as Cameron extends its business areas, overflowing the city limits. Nearby is the new building being put up by A. C. Freeman of Maysfield for the J. I. Case Implement Company.

MILAM PRODUCERS ARE CALLED FOR MAY 1ST

Producers in Milam county are called to meet in Cameron in the District Court room at 8 p. m. on Thursday night, May 1.

The purpose of this meeting is to form a permanent organization and to adopt a constitution and by laws and to name permanent officers.

The members of the committee, formed on a temporary basis, met on last Thursday night in the Chamber of Commerce offices in Cameron and the call was issued for the meeting to be held here on May 1.

Attending the meeting, according to L. G. Smith, manager of the Chamber of Commerce were: Robert Glenn, President; Roy Hensley, Vice President and the following directors: Frank Mitchell, Roy Wright, Sam White, W. A. Atkinson, and H. B. Pressley.

Guests were Bill Arthur, Chairman of the Agricultural Committee in the Chamber of Commerce and Felix D'Abadie of the Southern Pacific Railroad.

Anderle Lumber Co. Opens Here To-Day

The Anderle Lumber Company, Inc. was formally opened to-day for business in Cameron.

Anton Anderle, principal stock holder and operator of the Company, has received large shipments of lumber and building materials and announces the formal opening.

The new yard is located at 314 South Crockett Street, one block north of the Santa Fe Depot.

Mr. Anderle in giving Cameron one of her latest and most important business enterprises, is an experienced lumber man, having spent a number of years in the business.

Two Local GI's Point Way To Profitable Dairy Operation; Zawadzke Brothers Now Producing 1000 Pounds of Milk A Day

Two former service men, Raymond and Edwin Zawadzke, are pointing the way to profitable dairy operation at Cameron and with their initial success attention is focused on the current agricultural classes in the government sponsored schools.

The brothers have purchased 100 acres of land, a tract formerly owned by the Foster Dairy and have started out with a sizeable dairy herd of grade cows.

In addition to the land they purchased they have leased an adjoining tract and are to produce feed to economize on their needs for the herd.

They attend the school now in operation here under the direction of Sam White, Supervisor. Mr. White a Texas A&M graduate and former service man, goes almost daily to the scene of operations at the Zawadzke farm and gives whatever assistance he can in the new enterprise.

The Zawadzke farm overlook the Little River bottom. The brothers married sister and they have arranged the home into 2 apartments and nearby the new dairy barn is in use. The foundation for the new barn and milk house was laid through cooperation of members of the school. All pitched in to help and did not charge the boys anything for the work, thus proving the value of cooperation, a feature of the new school.

W. A. MULLINAX DIED IN HOUSTON MONDAY

Funeral services for W. A. (Bill) Mullinax who died early Monday, April 28 in Houston, will be held here Tuesday afternoon from the chapel of the Green Funeral Home.

The hour for the funeral was not known and had to be omitted. Rev. L. L. Morris, pastor First Baptist Church, will conduct the services. Interment will be made in Oak Hill Cemetery with the Green Funeral Home directing arrangements.

Mr. Mullinax was 41 years old. He was a former resident here.

BOND ELECTION?

COTTON MEETS HERE

LOCAL A & M ALUMNI GATHER

COUNCIL EXPECTED TO SUBMIT ISSUE SOON

Tax payers in Cameron will be confronted soon with a proposal to issue bonds in the sum of \$137,000 to renovate paving on 30 blocks in the business district and to spend \$25,000 for repairs on the old academy building for a city hall.

Although no official announcement has been made it was understood that the Council at its meeting here next week will call an election.

Mayor A. W. McCullin has set out the proposals which include street widening. The present paving of 2 inches of asphalt, laid some years ago will be taken up and 1 inch of asphalt laid on a newly constructed base to conform to engineering lines for curbs and sidewalks.

Whether the city would require utilities to put their lines underground in order to achieve civic progress was not ascertained.

No mention is made in the proposals about paving in the residential sections, only a portion of the mercantile area.

The bonds are to run 20 years with a 10 year option. The rate of interest is not stated.

No doubt more complete details will be given later.

One of the attractive proposals is the street lighting system to cost about \$35,000 and to be put in by Texas Power & Light Company without cost to the city. The system would be owned by the power company and the city would incur additional lighting costs.

Cameron has been in the dark for many years. A little more light would be a progress of tremendous importance to the city. There is considerable support for better streets but little or none to spend money to repair an old building when the amount thus proposed could be utilized for something new and modern.

It was expected that the proposals would be submitted to the voters would have an opportunity to approve or disapprove the city hall matter.

VETERAN OF TELEPHONE SERVICE RESUMES WORK

J. M. McLean, veteran in service with Southwestern Bell Telephone Company in Cameron, late Monday resigned from the Union, and on Tuesday morning was back on the job.

Mr. McLean, classified as a combination man with the company, is in charge of all the property of the system here, directs all construction work, repairs and the like, and is one of the most valued of the men in the system.

Mr. McLean has been in Cameron 20 years, with Southwestern Bell. He recently rounded out 35 years as an employee of the Southwestern Bell and was honor guest at a banquet in Temple at which time he was presented with a beautiful emblem which he now wears as a badge of honor for 35 years of faithful service.

It was understood that Mr. McLean had carefully resolved the problem of whether to return to his work and having reached his decision forwarded his resignation from the Union and notified the telephone officials he was returning to his place of responsibility with the local exchange.

While no statement for publication was forthcoming from Telephone officials, it was unofficially understood that the company was highly pleased to have their valued employee back on the job.

Cameron business men, patrons of the telephone exchange and many others, were commending Mr. McLean for his decision to return to his res- (turn to page eight)

U. S. COTTON COUNCIL SPONSORS SPEAKING

Cotton's competition and what the cotton industry is doing to meet this competition will be discussed in a series of meetings to be held over Milam County during the week of May 5, Chas. M. Hicks, County Superintendent announced today.

W. D. Landry, Field Representative of the National Cotton Council of America will speak to various groups on the problems cotton is facing and what is being done by producers, ginners, crushers, warehousemen, merchants and spinners to meet these problems.

Mr. Landry will display samples of artificial fibers now competing with cotton. He will also display and tell about new products being made from cotton as a result of laboratory research.

"Cotton leaders realize that the six branches of the raw cotton industry no longer can continue in an unorganized manner with their resources scattered over 17 states", Mr. Hicks told the Cameron Herald today. "They know that cotton cannot sleep while competitive industries organize to conduct extensive scientific research and sales promotion program. That is the reason they have joined hands and formed the National Cotton Council of America to promote the greater consumption of cotton and cottonseed products."

Synthetics have challenged cotton in recent years but the South's white lint can hold its own right with artificial fibers if given a fair chance through research and advertising, he declared, and cotton is now getting that chance through the National Cotton Council. Central Texas Farmers have just joined with other farmers all across the cotton producing states to promote this program.

Being able to sell our cotton for a price we can make some money from it is of utmost importance. But if the market is going to be good consumers must use more cotton products in the form of sheets, towels, tires, drive belts and tarpaulins. Not only research to improve these products is necessary but a great sales promotion program is necessary to meet the competition of the tremendous advertising being carried on by our competitive fibers.

Today as King Cotton is beginning to awaken, he is no longer thinking in terms of defending himself from the artificial fibers. Today King Cotton is taking the offensive—to strengthen himself in his old markets and to obtain new markets by developing new uses for cotton.

KYLE SPRINGER DIED IN ALVIN ON TUESDAY

Kyle Springer 44, died at his home in Alvin Tuesday. The body was brought to the home of his sister, Mrs. Willie Nickles in Milano by Phillip & Luckey. Funeral services were held Wednesday afternoon at 4:00 p. m., at the Methodist church conducted by Rev. Fraim of Rockdale assisted by the Methodist pastor of Milano, Rev. Ray Hardison.

He is survived by his widow, Mrs. Frances Springer of Alvin; three daughters and one son. They are: Mrs. Albert Warren of Austin, and Mrs. J. B. Clark, Miss Mildred Fay Springer and Bobby Wayne Springer of Alvin. One grandson, Ronnie Lee Warren of Austin, his mother, Mrs. Nina Lagrone of Milano, four sisters and one brother of Milano also survive. Interment was made in Milano cemetery.

Miss Cora Baggett of Cameron is ill and a patient in the Newton Memorial Hospital. Her condition is improved and her friends will be glad to know of her progress.

A & M CLUB HERE ASKS OUSTER OF GILCHRIST

President Gib Gilchrist of Texas A&M should be ousted, say members of the Milam County A&M Club.

The annual muster of the Milam County A&M Club was held at the Cameron Country Club on April 21st, with some 50 ex-students and their guests present, according to Niley J. Smith, Class of 1938 and President of the local association. A barbecue dinner was served, and the usual program in connection with this matter was observed.

The prevailing conditions at A&M College were brought up for discussion, and the following resolution was passed by unanimous vote:

"Be it resolved that the Milam County A&M Ex-Students Club advise the Board of Directors of Texas A&M College that this organization believes a change in the present administration of A&M is necessary. Regardless of the issues, it is apparent that President Gilchrist does not command the respect of a vast majority of the students, and we do not believe that Texas A&M can make the necessary progress expected of it, as long as Gilchrist is in charge of its administration. This resolution is submitted to the Board of Directors by a group of men who are interested in the welfare of Texas A&M and who feel that the college is much larger than any one man."

Miss Clydelle Walston Is In Washington With Texas City Delegation

Miss Clydelle Walston, daughter of Mr. and Mrs. E. H. Walston of Cameron, is in Washington with the Texas City Delegation appearing before a committee of the Congress in relation to reconstruction work at Texas City.

Miss Walston's picture appears in the group boarding a liner at Texas City Monday for Washington, led by Mayor Curtis Trahan.

Miss Walston is secretary to the Mayor and as stenographer will assist in compiling the record of the negotiations in the capital.

She is employed by the Carbon Chemical Company but was absent from the city on the day of the disaster.

NEW BRIDGE WILL BE DEDICATED IN JULY

Judge Dan Tyson received word from Senator Kyle Vick of Austin, that the new bridge over Little River will be ready for dedication sometime between July 1-15.

The Commissioners Court has asked the Chamber of Commerce, the Mayor, and other organizations of the County to cooperate in preparing an appropriate program for the Dedication ceremonies.

Milano Juniors Are Hosts to Seniors At Reception April 16.

The senior class of Milano High school was honored by the Junior class, with a lovely unique reception on Thursday evening, April 16, in the Milano school Gymnasium.

The party carried out in a very clever fashion, a "Stork Club" motif. The reception hall was walled on all sides with shimmering screens of pink and blue crepe ribbons. Blue bonnets in Top Hats were placed here and there, and tiny chrysal top hats were used as candy cups and cherished souvenirs. Tapers in chrysal stars burned on the card tables placed near the walls.

The center of the room was left vacant for folk dances which were directed by Mr. and Mrs. J. D. Kornegay, and which was made gay and festive by the pretty spring formal dresses of the senior and junior girls.

Other entertainment consisted of two floor shows as are indicated in the following excerpts from the "Carte De La Programme". First floor show, Master of Ceremonies, Dale Owens, Welcome address, Jackie Burkett, Thank You, John Earl Bullock, Song, Mrs. Ray Hardison, Rhythmic Harmony, June Westbrook, Key Hole Snooping, (Walter Winchel style) by Jack Q. Wilkerson. Second floor Show, Senior Phrophecy Patsy Wilson, Vocal Trio, Martha McCallum, Billie Jean Coker and Corine Vinton, Reading, Billie Jean

Coker, Senior Class Will, by Violet Hartley.

Punch was served all through the evening by cigarette girls dressed in pretty formal attire, and finally a course of cherry ice cream and pink and blue decorated cake squares.

The junior class and their sponsor, Mrs. Ruth Thompson are to be highly commended for one of the liveliest and most appropriate junior-senior parties ever held.

George Edison of Cameron Route 4 is among the patients in the Newton Memorial Hospital and is doing well and hopes to return home soon.

Mr. and Mrs. Syd Stidham of Houston, visited his mother, Mrs. India Stidham who is ill at her home. Syd left Monday for his home, and his wife remained for the week.

Miss Mildred Cryer, of Franklin, spent the week end here with her parents, Mr. and Mrs. J. A. Cryer.

Mrs. Arthur J. Rinn of Route 1 Buckholts is a surgery patient in the Newton Memorial Hospital and her friends will be glad to know that she is doing well and expects to return to her home soon.

Mrs. G. B. Hughes returned from a visit with her daughter, Mrs. Bennie Pitts who is a patient in a hospital at Sweetwater.

As soon as Senator Vick receives definite information from the Highway Department as to the exact date for the opening of the bridge the public will be notified through all newspapers.

W. D. Landry, field representative of the National Cotton Council was a Cameron visitor Monday. He taught the Agriculture class the uses of cotton.

Mr. and Mrs. W. H. Baines and children, and Mr. and Mrs. W. A. Engelke and baby all of Houston spent the Easter holidays with W. O. Fisher and daughter, Miss Vera Fisher.

Mrs. Ann Kaminicky and children visited her father, Charlie Porubsky Sunday at Curry.

Mrs. Frances Tomek of Buckholts is among the surgery patients in the Newton Memorial Hospital. She is doing well and expects to return home soon.

Albert Swanzy of Burlington is ill and a patient under treatment in the Newton Memorial Hospital.

Newton Johnson, city employe for many years, is a patient in the Newton Memorial Hospital. His friends will be glad to know that he is doing well.

Mrs. Seely Storey and children who live at Shreveport, spent an enjoyable week with relatives in Cameron.

Every cupful of AMERICAN BEAUTY Flour has exceptional baking qualities that are just waiting to bloom in your oven! Your Cloverleaf Rolls will be masterpieces—golden-topped, full of rich and delicious flavor.

Best of all, with AMERICAN BEAUTY you can count on results like this not just occasionally, but every time... not just with rolls, but with all your baking.

CLOVERLEAF ROLLS

6 1/2 cups American Beauty Flour 2 cups milk
1/2 cup sugar 2 tablespoons lukewarm water
1 tablespoon salt 2 cakes compressed yeast
1/2 cup shortening

(This recipe will make 36 rolls)
Scald milk; pour over sugar, salt and shortening in mixing bowl. Stir well; allow to cool until lukewarm. Crumble yeast in lukewarm water; allow to stand 10 minutes. Add yeast to lukewarm milk. Add 3 1/2 cups sifted flour. Beat until batter is smooth. Gradually add remaining 3 cups flour; stir until all flour is added. Brush top lightly with melted shortening. Cover and set in a warm place. Allow dough to rise until double in bulk (about 1 hour). Place dough on lightly floured bread board and shape into a round ball. Allow to stand 10 minutes. Roll 1/2 of dough into a rectangle 1/2 inch thick. (Balance of dough can be used for additional Cloverleaf Rolls or other favorite variations.) Cut with floured biscuit cutter. Divide each round into 3 parts; shape each into a small round ball, and brush lightly with melted shortening. Place 3 balls into each muffin cup. Cover; allow to rise until double in bulk. Bake 15 to 18 minutes in a moderate oven (375°).

SANTA FE WRECK TOLL HERE WEDNESDAY HEAVY

Damage toll in the freight train wreck on the Santa Fe in Cameron was heavy.

The wreck occurred early Wednesday morning when a west bound freight under Diesel power was passing through the city on the main rails.

Three cars from the train were derailed caused by a broken axle on one of the cars.

No one was injured and working crews were rounding out their job of clearing the wreckage. Traffic was put through the Cameron yards with great dispatch by the local employees.

One car was loaded with sulphur and two were loaded with lumber. Several sections of the track were torn up and one signal block tower was toppled over.

The wreck occurred a few yards west of the freight depot.

Albert S. Epperson Weds Joan McEntire In New York Ceremony

Before a flower-banked picture window in Orange Inn, Goshen, New York, Miss Joan Alice McEntire, daughter of Mr. and Mrs. Joseph A. McEntire, 223 Greenwich avenue, Goshen, recently became the bride of Albert Stewart Epperson, son of

Mr. and Mrs. A. T. Epperson of Houston, and formerly of Cameron. The ceremony was performed by the Rev. William A. Fogarty of St. John's Church at four p. m.

The maid of honor was the bride's sister, Miss Lynn McEntire. Bridesmaids were Miss Virginia Mulry and Miss Phyllis Gillespie. Best man was the bride's brother, Daniel McEntire. Ushers were Roy Gorish and Leon H. McBride, Jr., of Goshen.

Before the ceremony, Joseph F. McClean, baritone, sang two solos, "O Perfect Love," and Schubert's "Ave Maria". He was accompanied by Cameron Crosbie at the organ.

The bride, who was given in marriage by her father, wore a white satin gown with mother-of-pearl trimming at the neck. She wore a long veil and carried white roses. The maid of honor was dressed in yellow mousseline de soie and carried a bouquet of orchid sweet peas and snapdragons. The bridesmaids wore orchid mousseline de soie and carried yellow roses.

For traveling the bride wore a blue suit with white rose corsage and dark blue accessories.

In keeping with the color motif, the Inn's large window, which provided a backdrop for the ceremony, was decorated with forsythia and orchid colored hydrangeas.

A reception and dinner at the Inn for about ninety guests followed the wedding. The couple left for their future home in Houston. They will reside at 1711 Yale Street.

The bride was graduated from Goshen Central School and attended S. Teachers College, New Palz. Mr. Epperson served four years in the Navy. He was discharged last November with the rating of first class radioman. He is employed at Houston as an electronics engineer in a seismograph instrument plant. Among those present were the bridegroom's mother from Houston and his grandmother, Mrs. Ethel Sapp of Cameron.

Mrs. Louis Gohmert Died In Cuero April 19

Mrs. Louis Gohmert, pioneer resident of DeWitt County, died at her home in Cuero on Saturday night, April 19.

Mrs. Gohmert had returned from California where she visited relatives. She had been ill but was thought to be improving. Her death was caused by a heart attack.

Mrs. Gohmert was the mother of Louis F. Gohmert of Cameron, prominent business man and civic leader, and Mrs. M. N. Strickler of Rockdale.

Funeral services were held in Cuero at 3:45 p. m. on Thursday, April 24, having been delayed awaiting the arrival of relatives from California.

Mr. and Mrs. D. D. Porter and daughter, Diana spent the past week end with Mrs. Porter's parents, Mr. and Mrs. Henry Boedeker. Mrs. Porter is the former Maxine Boedeker.

We Got to the Fish Fry After All

That community fish fry was sure a great success. There were plenty of appetizing extras, and Will Dudley did a right wonderful job of frying the fish—soft and flaky inside—brown and crisp around the edges.

But we didn't get to go. The missus was tired after working in the yard, and we just didn't want to leave her.

Then how did we know the fish was so good? Because the folks didn't forget us. They sent Skippy Henderson over with two steam-

ing covered plates of fish, and a pitcher of cool, sparkling beer. And we finished them off in front of our own fire.

From where I sit, that's one of the things that makes our town so nice a place to live in: a spirit of share and share alike. That plate of fish and glass of beer weren't just great eating, they were symbols of the thoughtfulness that makes for better living!

THE CAMERON THEATRE THURSDAY AND FRIDAY, MAY 1 and 2

DETAILS ARE GIVEN ON NEW PROPOSALS

We, the City Council, working with the Advisory Committee, have worked out a plan of improvements for Cameron. This may not be the best plan, and may not be as all inclusive

as some would wish, but to us it is the best workable plan for Cameron at this time. I have said a number of times from the speakers platform, and in print—if you have a better plan let us know about it, let us study and consider every phase of the plan. We realize that Cameron must either go forward or backward, and we are interested in improvements that we

might do, and at the same time pay for them without putting a burden on the tax payers of our city.

We first propose a street paving project in our down town section consisting of 30 blocks. We propose that this should include new side walks, curbs, and gutters. The crest of the street would be lowered and on 13 of these blocks the streets would be widened 18 inches on either side or a total of 3 ft. This would straighten out a number of our down town streets and line them up where we could install a modern street lighting program and greatly improve the looks of the city. This side walk program would not give us a one grade level on all walks, but would greatly improve on the present grade levels and general condition of our walks. We believe this vital to the over all beauty and improvement of the city. We propose in this program to use the present asphalt by regrounding and reprocessing. This material to be used as a base coat with one inch of new topping material on the surface of the street over a compact gravel base of 9 inches. By using this old material this work can be done at a cost of \$112,196.00 for the complete job including the side walks. The engineering on this program has been done, and the job would be under the supervision of Joseph J. Rady of the Rady Engineering Company of Fort Worth, Texas. Mr. Rady has in the past done much work for Cameron

and other cities in this section of Texas. He is at present Consulting Engineer for the City of Waco and Fort Worth.

After much discussion with the Citizens of our city and working in a joint meeting of the City Council and Advisory Committee, we believe it the most logical plan at the present to spend an amount not to exceed \$25,000.00 to work over the Old School Building putting it in the best possible condition for moneys expended, and making it usable for a Municipal Building for many years to come. We have had the building checked from foundation to roof and the building is sound but does need a great deal of improvements. We believe it good business and sound judgment to use this property. We would house the City Government Police Department, Chamber of Commerce, Resident Fireman, Fire Station, a Civic Auditorium, and other offices. From some of these offices we could realize rents that could be used by our city. We would have a space also for a City Library and Museum if our people have a need for it. We plan to open 5th street through the school grounds leaving the space north of the building approximately 90 feet wide by 400 feet long to be used as a Farmers Market. This would take our trucks off the down town streets and help remedy our traffic problems, and at the same time give our farmer friends and customers a place to park and market their products and what not.

The School Board has addressed a resolution to the city stating that they would give this property to the City should the citizens state by ballot that they wish to use this building and property for municipal purposes.

Regarding the building of a new Municipal Building at this time, I want to state that we took the plans that were worked out by the Planning Board some year or year and a half ago and had Mr. Johnson, the architect who drew the plans, to recheck the cost. At that time the building was to cost approximately \$58,000.00. Mr. Johnson states under present building cost this building would cost \$85,000.00. I make mention of this so as to get the picture straight in the minds of all our citizens. I believe it high time that we as a town stop assuming and griping and get down to facts and constructive planning for Cameron.

THE CAMERON HERALD

MAY 1, 1947

To finance this program we propose to issue bonds in the amount of \$137,000.00 for the total program. We suggest that they be retired over a 20 year period with a 10 year option. Your city is at present setting aside 40c of each tax dollar to retire present bonds. This leaves in the General Fund \$1.10 for all operations of the city. We believe after study of city finances, working as a joint committee and with representatives of bond houses, that 20c additional will be needed for bond retirement making a total of 60c of the tax money paid in. We feel that with some savings that have been possible we can cut the present operating fund (General Fund) 10c and let this apply against the 20c that will be necessary for bond requirement.

We believe it will be necessary to raise present rate from \$1.50 per hundred to \$1.60 per hundred or 10c in order to get the 10c needed. This would amount to between 2 and 3 dollars per year on the tax bill of the average citizen. We believe that in 5 years this rate could be cut 5c making the rate \$1.55 per hundred and in 8 years 5c more could be cut bringing the rate back to the present \$1.50 per hundred. Each year thereafter reductions could be possible as our present bonds would be maturing.

In brief this is the program and in our thinking is the best program at this time. We are open for any suggestions or constructive criticism. We are tax payers as you are. We have one interest in mind and that is to build Cameron and to do it on a good sound business basis.

Let us decide whether or not we want to improve our city keeping in mind anything worth while is worth a price.

ALLEGIANCE OATH IS ADMINISTERED HERE

"Raise your right hand and repeat after me - - -"

With those words Battery C, 239th FA. Bn., local unit of the National Guard, was formally organized in a brief swearing-in ceremony when Captain Rudolph Michalka administered the oath of allegiance to seven

men at a meeting in the City Hall Tuesday evening.

The group sworn in were: A. O. Jackson, Tom Hobson, Morris Weems, Roland Boedeker, Alvin Anderle, Pete Kunz and Warren McCall. A number of other men who have applied for enlistment could not be present, and will be sworn in at a later date.

The majority of new Guardsmen are veterans, with terms of service ranging up to six years. And a number of different branches of service were represented; there was a former marine, a crew chief in the Air Corps and longshoreman, infantryman, infantry and field artillery man. Also two non-veterans, who will have their first experience in military training.

The next step, Capt. Michalka stated, will be an early request for Federal recognition. He said he expected quick action on the request, and that training for the battery would begin in the near future.

Mr. and Mrs. W. J. Stocklas and children shopped in Cameron Friday.

Albert Schlemmer, who has been ill is improved and able to return to his work.

B. V. Small and C. L. Bryant of Rockdale were business visitors Tuesday.

Mrs. Bennett Patz of Houston is a surgical patient in the Newton Hospital.

Mrs. Henry Dreyer has returned to her home after visiting relatives in Texas City.

Barny McCoy, son-in-law of Mr. and Mrs. L. H. Hillyer of Cameron is reported among the missing in the Texas City disaster. Mr. McCoy and wife are the parents of four children, they were living in Galveston and he was employed as contractor and carpenter at Texas City.

Mr. and Mrs. Lester J. Windham and son, Jess, have returned to their home in Texas City after a visit in Cameron and at the Hunt ranch near Killeen. Their home was badly damaged in the ship blast there Wednesday. They escaped death when they left the scene of the ship fire to drive back to the business district a few minutes before the blast. Mrs. J. B. White accompanied her sister back to Texas City and will return Monday.

Mrs. Bennett Gatz of Houston, is ill and a surgery patient in the Newton Memorial Hospital. Mrs. Gatz is the former Miss Jaunita Clifton of Cameron.

Miss Mildred Zoltz of Cameron is a surgery patient in the Newton Memorial Hospital and her friends will be glad to know that she is recovering.

Evelyn Mathis was a business visitor in the City Wednesday.

being used as a weapon to promote gain in other places. In the meantime, we the people, have no voice, though we pay the bill, get shoved around.

Nobody is mad at anybody. We want our telephone friends back on the job. We believe they must wish to be back on the job, to be at work, to come again in to the circle of co-operation with their neighbors and their friends.

Finally, how much better it would be, to effect settlement of our local problems, in the spirit of the good neighbor, with both sides to the controversy making concessions where needed, than to be driven by law to conform to a pattern that rankles the philosophy of liberty. Congress is certain to pass the pending bill. It gives all possible liberty of choice to the individual in strikes. That is as it should be. Man has the dignity of soul, and his choice should be free. It would be infinitely better to do the thing ourselves, that inevitably the law will compel.

There isn't anything wrong with America except us. Let it then be said that we exercised the freedom of choice before it became a stricture upon us. Let's go back to work. Give us an opportunity to commend you for joining up again with your friends and your cross the fence neighbors, right here in Cameron, the best place on earth to live.

possible place.

Aside from the considerable loss of pay, Mr. McLean, no doubt, realizes that with no quarrel with his company, the strike was untenable. On the other hand, no doubt, Mr. McLean, has no quarrel with the Union nor with those who are still out on strike. He has simply made a logical decision and in so doing has returned to the sphere of co-operation with his neighbors who want their telephone service up to standard.

Mr. McLean as an active civic worker, has had a large place of responsibility in this community for the past 20 years. As an active fraternalist he has been most useful in his relations with his fellowmen. As a church worker he has achieved much to make his community better. All will applaud his return to the job.

Mr. McLean was born in Barnsville,

Georgia on March 3, 1887. He worked for an independent telephone exchange for 6 years. That was 41 years ago when he began. He was manager of an independent system at Wills Point, Texas and from there went to Mexia for a place with Southwestern Bell, then to Corsicana, to Cleburne and to Cameron on September 20, 1927.

MRS. W. T. BROOKER IS BURIED IN MILANO

Mrs. W. T. Brooker pioneer citizen of Milano died at the home of her son, Albert Brooker, Tuesday at 8 a. m. While she had not been well for several months her death came as a shock to the family, as she had recently returned home from Cameron Hospital and her health seemed better.

The funeral was held Wednesday afternoon at 2:30 at the Methodist church, conducted by her pastor, Rev. Ray Hardison. Burial was made in Milano cemetery. She was preceded in death by her husband and one son. She is survived by two sons, both of Milano, and one daughter in Ft. Worth, who was ill and could not come to the funeral. Phillips & Luckey had charge of the funeral arrangements.

Mrs. J. M. F. Gill, of Austin, formerly a citizen of Cameron, was week end guest of Mrs. Jeff T. Kemp. Mrs. Gill is retiring from State service at the Austin State Hospital Recreation Department, and will join her sister, Mrs. Wm. C. Stephens in Sulphur, Okla. 406 W. 12 St. Mrs. Stephens also lived in Cameron, and will be recalled as Mrs. Tom Wright.

Mrs. O. D. Springer of Cameron is among the patients in the Newton Memorial Hospital and is doing well.

Mrs. Plentl and daughters, Mrs. Thweatt and Mrs. McElwath, attended the Plentl family reunion Sunday. Everyone spent an enjoyable day.

Friends will be glad to know that Mrs. Gertrude Gilliland, who has been a patient in Newton Memorial Hospital has returned to her home and is improving nicely.
